

Growing knowledge in: Singing in Music

Branching out

I stand with good posture and can confidently sing a wide range of songs which are different styles and include unison and harmonies. I can use my voice expressively, changing tempo and dynamics.

Growing more

I sing with more confidence, both on my own and in a group. This includes songs from other countries and cultures. My breathing is more controlled and I can sing more expressively thinking about loud and quiet phrases. I like to perform for others.

Growing

I sing by myself and in a group. This includes singing chants from memory. My teacher can count me in so we all start together. I can keep the tempo the same and sing a range of high and low pitches.

I enjoy singing songs together and can sing the melody with the lyrics. This includes nursery rhymes and different types of songs. I can listen carefully to my teacher and then echo a phrase back making sure that I sing using the same notes, tempo and words.

Foundation (securing the roots)
